Founder & Principal Architect
Wingy Design (brand name)
SPACE EDGE

M.Arch- Construction Management
B.Arch- JNAFAU(Gold Medal)
PG.Diploma- Interiors

Founded by a visionary architect Himabindu with a strong academic foundation from JNAFAU and a master's degree in construction management. Wingy Design, is a forward-thinking firm at the forefront of innovative and harmonious design solutions which seamlessly blends modern efficiency with traditional wisdom. Our expertise spans from architecture, luxury interiors to minimalist designs, each approached with equal respect to ensure both elegance and economic viability according to our clients' preferences.

Driven by a passion for natural ventilation and Vastu principles, we are committed to creating spaces that are both aesthetically pleasing and functionally superior.

At Wingy Design, we specialize in developing and implementing strategic business plans, building and nurturing professional relationships with potential investors, and leading a talented team in the design and development process. Our mission is to deliver exceptional design solutions that reflect a perfect balance of contemporary and timeless elements.

Worked as Senior Architect at Globe infra constructions |

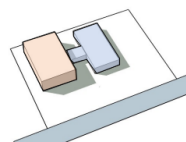

Handled the design team and site team for various projects that include housing (apartment, villas), corporate office (of 85,000 sqft).

While setting timelines, planning and documentation of projects. Coordination with other consultants and vendors to ensure proper communication.

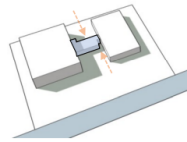

.

Worked as Local Architect at SM+D (Dubai_HQ) |

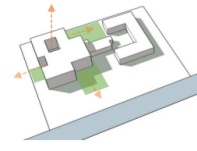

Designed, conducted and catalysed in spatial Planning as per local practices and Vastu , Conceptual Development 3D , Project Coordination , Design Drafting , Design Documentation, Mood Boards, Presentations and finalizing designs with Client Approvals.

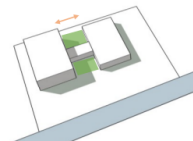

1. Clear division of public and private areas as suggested

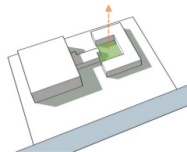

3. The central node being pushed and pulled to have projections and voids at entry level itself

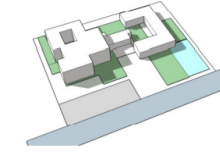

5. Approaching the private area block to capture views, and natural ventilation

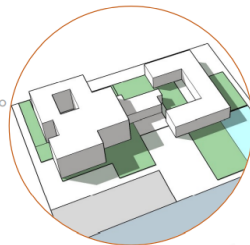

2. Making the zones more distinct to bring in more nature

4. Approaching the public area block by making Voids

6. The layered approach that integrates built with the natural environment

Architecture & Interiors
Private Villa

PROJECT NO: 43 DATE: 13.05.2021 SCALE: AS SHOWN REVISIONS:	PROJECT: GUEST HOUSE DATE: 13.05.2021 SCALE: AS SHOWN REVISIONS:

Developed various pitched projects for Company - Master Plans for 44 acres lake side project, 1 acre ground coverage Villa for Multifunctional Family and Residential Towers

CONCEPT IDEATION

01

Massing of House Blocks - with 5 elements of nature

- Amidst the blocks of 13 acres is the PRITHVI. Midst is the JAL enclosed by the plots in 44 acres. These two embracing their presence inversely in each others fists showing their swap felt and evolved by the users slowly as the seasons change.
- Detached attachment is the key to TOGETHERNESS WITH PRIVACY attained by connecting all the individual villas by bridges and common amenities at core.
- Interior spaces with emotional qualities –

Change in the sequence the light (AGNI) that punctures into the dark, playing with water reflecting the movement of ripples on roof

Porosity of the building form maintained with axis for VAYU to be the invisible angel and goddess nature to thrive

ELEMENTS	CHARACTERISTIC	DECODING
Earth : <u>Prithvi</u>	Stability, Support, peace, harmony	At the <u>centre</u> feel the earth (land)
Water : Jal	Joy, Well being	Healing, spirituality
Agni: Fire	Wisdom, Power	Power of Light as a material
Vayu: Wind	<u>Compassion, Happiness</u>	Movements that improve Air quality
Akash: Space	<u>Oneness, Intuition, Knowledge, Creativity</u>	Together with privacy

DOT OF GREEN IN VAST BLUE

Lake in 44 acres

LINE OF BLUE IN VAST GREEN

Lawn in 13 acres

CONNECTING LINKS : DETACHED ATTACHMENT

LIGHT AS A BUILDING MATERIAL

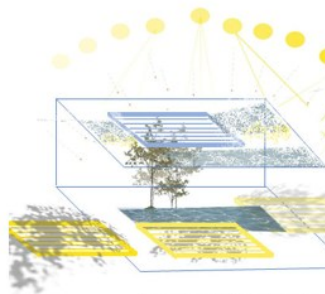

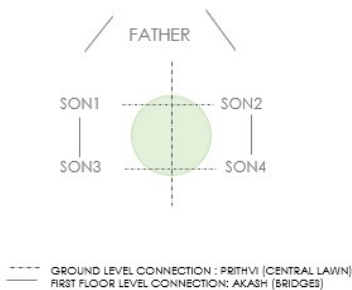

STRONG CONNECTIONS BETWEEN
MEMORY AND SENSES
